PIF 09 - 07

Elmendorf Aero Club Aircraft Run – Up Area 17 Jun 2009

This PIF concerns the area where Aero Club aircraft would perform their pre-flight run-up, or maintenance run checks. The Operations Ramp that extends from the MAC terminal west to taxiway “P” is closed until June of 2010.

The new (temporary) run-up area is that ramp area next to Hangar 5 (Army Hangar). The Aero Club aircraft should stay as far north on the ramp as possible and assure there is no other aircraft or equipment behind during run-up.

This will be the temporary run-up area for our aircraft until the Operations Ramp is once again available.

Flight Safety “Make It First, , Make It Last”

**This PIF is to be in effect until 30 June 2010 or until
contained dated material has expired**
